

Making the fronts of your oven mitts.

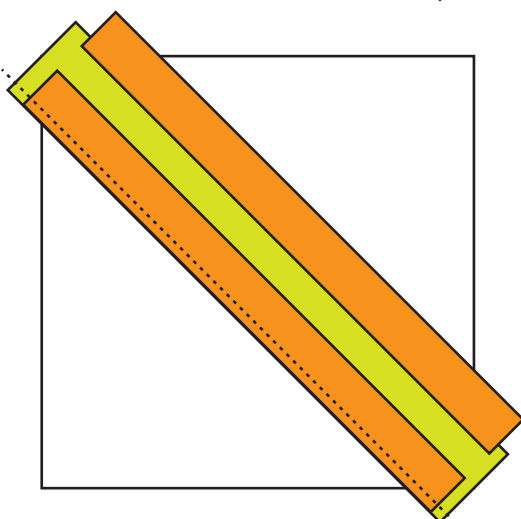

Take 2 pieces of wadding and one of the lining squares.

Pin, tack or spray glue baste in place.

Take one of your wider strips and place it down the middle on the diagonal.

Take another strip and place it on top lining up the edges of the strip

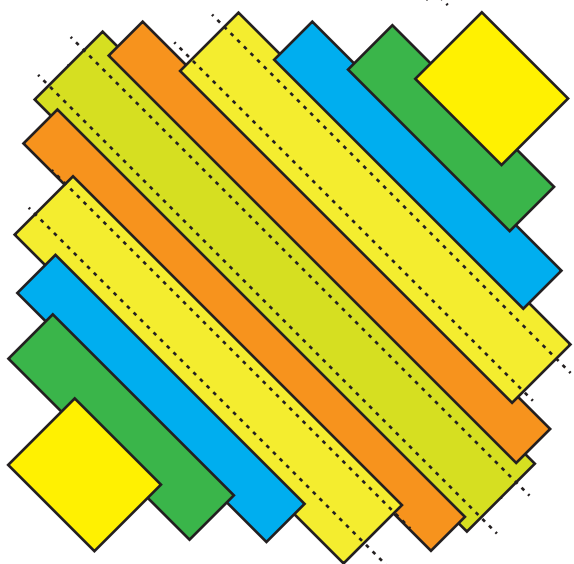

Stitch in place with 1/4 inch seam using a slightly longer stitch.

Fold the strip over to cover the wadding and press in place.

Take another strip and add it to the other edge of the strip as before.

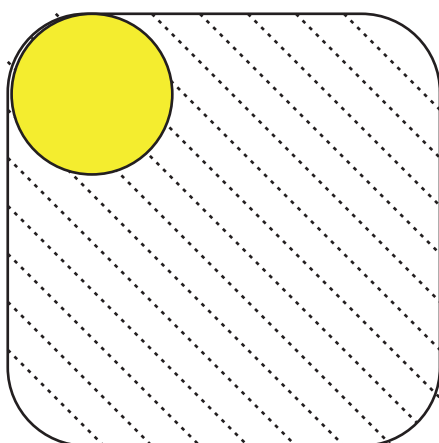

Keep adding strips until the wadding is covered.

Make 2 of this unit

Quilt your panels. I have just quilted diagonal lines down the strips.

Trim to 8 inches square.

Using a small plate or lid place it on the corners and draw the curve onto the corner.

Trim off the corners on the drawn line.

Do the same to the panels you made for the back of your mitts on the 3 remaining corners.
